

Human friendly

4K 60Hz High Speed HDMI 2.0 Cable

With Right Angle 90° Elbow Design
Support HDR10, HDCP2.2, 3D and 7.1 Surround Sound

- Model: Y-C1001/ Y-C1002
- Products Features:
 - HDMI2.0 specification with 18Gbps high-speed bandwidth. Backward compatible with HDMI 1.4 and lower version.
 - Design for transmitting the 4K@60Hz Ultra HD display signal and to let users enjoy the cinema experience. Backward compatible.
 - With HDR10, greater detail and contrast in both the dark and bright parts in the same image as well as an extended color space.
 - Support HDCP 2.2, meet the requirements of Ultra HD Netflix or Amazon Prime Video and more.
 - Support 48-Bit Deep Color, 7.1 surround sound, Audio Return Channel (ARC), 3D, and Ethernet Channel.
 - Made with 30AWG tinned copper conductors to provide superior conductivity, and constructed with triple shielding to effectively against EMI interference and ensure signal transmission stability.
 - Right angle design makes the cable better fits for wall-mounted devices and helps solve the embarrassment of limited space.

Note: Right angle cable can be at 90° or 270° which is for a different installation. Please be reminded and select the best HDMI cable accordingly.
