

RECESSED MEDIA ENCLOSURE

DESCRIPTION

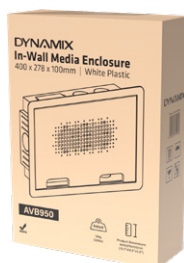

The DYNAMIX In-Wall Media Boxes provide a clean and professional solution for concealing AV equipment, media devices, power supplies and cabling behind wall-mounted displays. Designed with a recessed in-wall profile, it helps reduce cable clutter while allowing easy access for installation and maintenance. Integrated ventilation promotes airflow around installed equipment, making it ideal for home theatres, meeting rooms, classrooms and commercial AV installations.

FEATURES

- Devices can be pre-installed before the cover is fitted
- Removable cover for quick access
- Multiple cable entry points provide flexible routing for AV, power and data cables
- Power Cable Knockouts support convenient installation
- Adjustable device holder included
- Ventilated covers to promote airflow and manage heat retention
- WiFi-Ready construction allows easy signal transmission
- Plastic white construction

AVB950

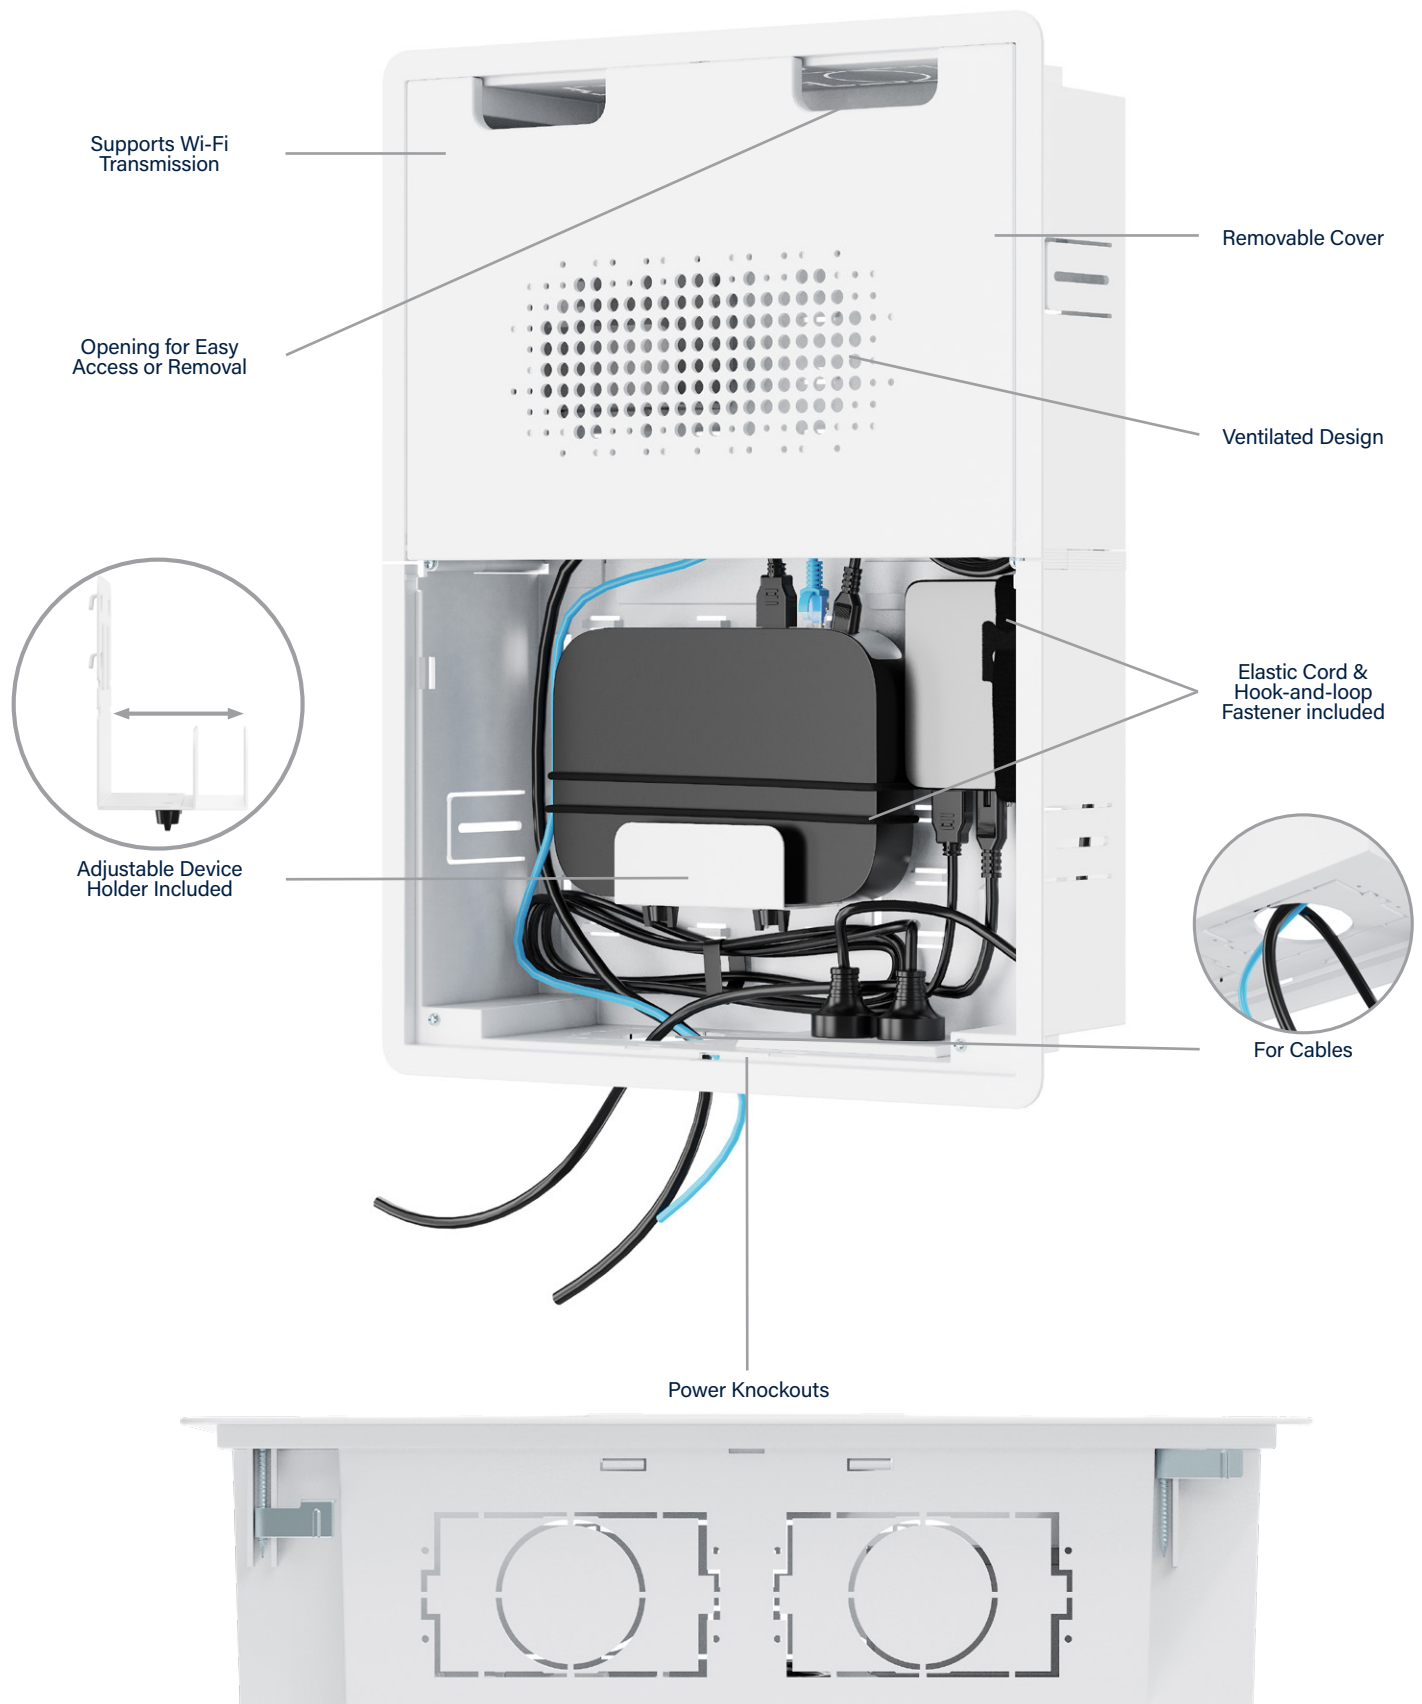

AVB1800
