The Blix-3M is a high-performance, triple-mode wireless mouse built for ultimate flexibility and silent precision. Supporting Bluetooth 5.1 (BT1 + BT2) and 2.4GHz wireless connectivity, it lets you switch seamlessly between three devices with one button. Its advanced optical sensor delivers up to 1600 DPI, adjustable across three levels for smooth, accurate tracking. An OLED display keeps you updated on battery, DPI, and active mode, while dynamic RGB lighting adds flair. With silent 7D soft-click buttons, a 500mAh rechargeable battery lasting 45 hours via USB-C, and ergonomic durability, it's perfect for work, design, or gaming.

Triple-Mode Connectivity:

Control up to three devices with seamless switching via BT1, BT2, and 2.4GHz—ideal for multitasking across platforms.

OLED Smart Display:

Get real-time info on battery, DPI, and wireless mode through a crisp OLED screen built into the mouse.

RGB Ambient Lighting:

Personalize your setup with soft-glow RGB lighting that enhances your workspace and matches your style.

7D Silent Precision:

Work in total quiet with tactile 7D buttons that include forward/back, DPI adjust, and device-switch controls.

Rechargeable Powerhouse:

Long-lasting 500mAh battery with USB-C fast charging delivers 45 hours of performance on a single charge.

Adjustable 1600DPI Sensor:

Fine-tuned optical sensor ensures ultra-smooth tracking with customizable DPI levels for every task.

Ergonomic & Lightweight:

Shaped for extended comfort and made from durable ABS plastic, it supports your palm through every click.
