

USB4 USB-C Cable (C14100ABK-2M)

Human friendly

Compatible with Thunderbolt 3 and 4.

Dimensions	58.0mm x 61.0mm x 30.0mm
Power	240W 48V/5A
Upstream/ Downstream	USB-C Male
Cable Length	2M
Material/ Colour	TPE + ABS/ Black

Description:

The UNITEK USB4 USB-C Cable provides data transfer speeds up to 40Gbps, perfect for fast file transfers and high-resolution video. Its reversible design allows for easy connection, while durable construction ensures longevity. Compatible with various devices, this cable is ideal for charging and syncing laptops, smartphones, and peripherals.

Products Features:

- **High-Speed Data Transfer:** This USB4 cable delivers up to 40Gbps bi-directional bandwidth, compatible with Thunderbolt 4/3, USB-C 20Gbps, and older versions. Transfer large files—such as 5GB—in just seconds, making it perfect for movies, videos, music, and pictures.
- **240W Power Delivery:** UNITEK USB4 USB-C Cable supports USB-C Power Delivery at a maximum of 240W (48V/5A). Charge both high-consumption laptops and compact smartphones using the same cable and a PD power adapter, thanks to programmable smart auto-detection. (Note: Charging speed may depend on the host device’s capability.)
- **Ultra HD Display Connectivity:** Connect your device to an 8K crystal-clear Ultra HD display or 4K displays. Ensure your USB-C device supports USB4, Thunderbolt 4/3, or DisplayPort Alternate Mode (DP Alt Mode).
- **Wide Compatibility:** Fully compatible with macOS devices, Windows Thunderbolt 4/3 laptops and PCs, Thunderbolt docking stations, and more.
