## Description:

With a convenient On/Off button, you can easily sleep or wake up your external display for privacy protection, whether for business, creative work, study, or entertainment. UNITEK uHUB S7 Pro 7-in-1 5Gbps USB-C Hub with Screen On/Off Button features high-speed data transfer, 4K Ultra HD display, dual SD/Micro SD 3.0 card readers, and PD fast charging. It delivers versatile performance to meet all your needs, providing a seamless, efficient, and premium user experience.

## Product Features:

- **One-Touch Screen On/Off Button:** Short press the button once to turn off the external display from the HDMI output, which protects your privacy quickly. Press the button again to turn the screen back on, with the LED indicator lit. This feature saves time by eliminating the need to plug or unplug the HDMI connector from the hub.
- **4K@60Hz Video Output:** Provides 4K@60Hz video output via the HDMI port for an external monitor. Supports HDCP 1.4 and HDR technology, making colors more vivid and contrast higher, bringing immersive visual enjoyment.
- **5Gbps Data Transfer:** UNITEK uHUB S7 Pro 7-in-1 5Gbps USB-C Hub provides a stable 5Gbps transfer rate via 2 x USB-A and 1 x USB-C ports. Connect a mouse, keyboard, external hard drive, and more, easily transferring photos, music, or videos in seconds.
- **Dual Card Reading:** With SD and microSD card slots, this hub can read and write on SD and microSD cards simultaneously. It allows for independent reading and writing, making it a valuable tool for photographers and designers.
- **100W PD Fast Charging:** Supports PD 100W max power input via the USB-C port, allowing you to charge your laptop while using the hub.
- **Wide Compatibility:** Supports multiple operating systems, including Windows 10/11 (32/64-bit), macOS, iPadOS, iOS, and Android. The high-quality aluminum housing enhances durability and heat dissipation.
