

Omni H6+ 6-in-1 USB-C Hub with PD 100W (H1341A)

USB-A Data Ports. Supports 4K HDMI and PowerDelivery 100W.

Dimensions	109.8 x 35.5 x 14.5mm
Upstream	USB-C (Male)
Downstream	1× USB-C 5Gbps (Compatible with USB 2.0/1.1) 3× USB-A 480Mbps (Compatible with USB 1.1) 1× HDMI 2.0 (Supports 4K@60Hz, HDCP 1.4/2.3) 1× USB-C PowerDelivery 100W (Supports PD 3.0)
Cable Length	20 cm
LED Indicator	Solid blue when powered on.
Material / Color	PC Housing / Space Grey

Description:

Designed specifically for modern mobile work and digital entertainment. It intelligently integrates a variety of commonly used interfaces into a single unit, allowing users to instantly expand the connectivity of their laptops, tablets, or smartphones through just one USB-C port. This effectively addresses the common issue of insufficient device ports, significantly enhancing both productivity and user experience.

Product Features:

- Casing Material:** PC Housing ensures robust structure with lightweight for mobility . Matte titanium space gray finish offers a premium texture and a professional business aesthetic.
- HDMI High-Definition Expansion:** Equipped with HDMI 2.0 interface, supports up to 4K@60Hz (3840×2160) ultra-high-definition output, and compatible with HDCP 2.3 protocol. Easily enables dual-screen office work, presentation casting, and high-definition audio/video playback.
- High-Speed Transmission:** Experience the benefits of rapid data transfer with the UNITEK USB Hub, offering speeds of up to 5Gbps for USB 3.0 connections and 480Mbps for USB 2.0. This capability ensures that you can quickly move files and maintain efficient multitasking. Note that only one port supports USB 3.0, making it ideal for tasks that require high-speed data exchange. Perfect for professionals and students alike, it provides the performance you need for seamless productivity.
- USB-C PD Fast Charging:** Supports PD 3.0 protocol with a maximum output of 100W (20V/5A). Enables simultaneous data transfer and rapid charging for laptops and other devices, ensuring uninterrupted workflow.
- System Compatibility:** Widely compatible with mainstream operating systems including Windows 10/11 (32/64-bit), macOS 10.6 and above, among others. Plug-and-play, no driver installation required.
