

LDT30 Series

Premium Articulating Aluminum Monitor Arm

The LDT30 Series combines value and versatility into a single product solution. The aluminum arm creates a stylish and elegant look adding to any home or office décor. The flexible arm joint and rotating/tilting VESA plate allows the user to adjust the height and angle of monitors, offering the absolutely best viewing experience. The LDT30 Series is ideal for virtually any application due to its' ability to easily rotate between portrait and landscape orientation. Maximize your desktop space while providing the best viewing option for your eyes – choose the LDT30 Series today!
