and creative work

Brateck

To keep up with the new trend of larger screens, we've designed LDT69/LDA69 Series for monitors up to **49 inches, 20kg (44lbs)**. Sleek appearance adds a touch of elegance to workspace. Combine health, convenience, and décor in one solution.

A collection of various mechanical components, including brackets, connectors, and mounting hardware, arranged on a light-colored surface. The components include a long silver metal bracket with a white plastic insert, a black L-shaped bracket, a white L-shaped bracket, a white square base with a silver threaded rod, a small white L-shaped bracket, a small white oval bracket, a black square plate with a small black screw, and a white L-shaped bracket with a silver threaded rod.

Modern Color options

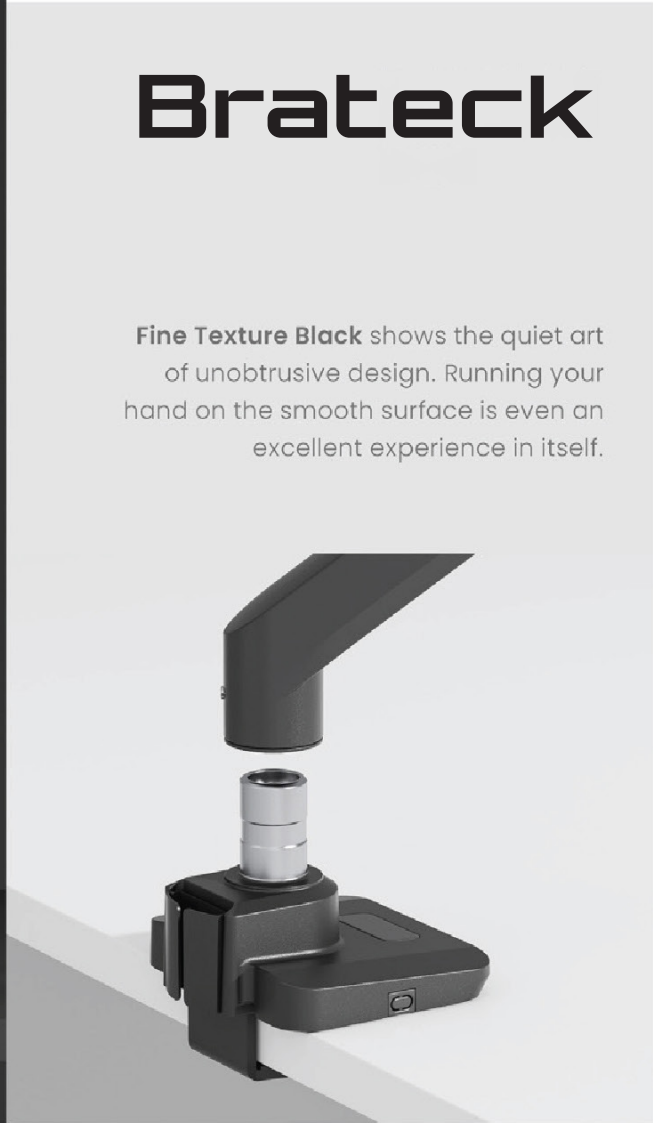

Brateck

Escape the ordinary with **Polish Aluminum**. The reflective surface bounces light, making the workspace brighter and more vibrant

Brateck

Fine Texture Black shows the quiet art of unobtrusive design. Running your hand on the smooth surface is even an excellent experience in itself.

With a bunch of noteworthy characteristics, **Jet Black** has a high-gloss finish and diffused reflections. Add a touch of dynamic vibe to the workplace.
