for dual and quad monitor arms

Multiple Mounting Options for different user needs

Clamp / Grommet Base

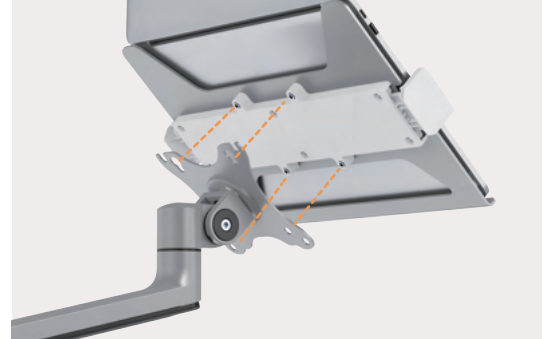

Freestanding Base

Premium Aluminum Monitor Arm with Laptop Tray

BRACKET TECHNOLOGY

A modern, adjustable desk setup. A large monitor is mounted on a height-adjustable arm, which is attached to a central vertical pole. A laptop is positioned on a keyboard tray, and a mouse is on a separate tray, both also mounted on the central pole. The setup is designed for ergonomic flexibility.

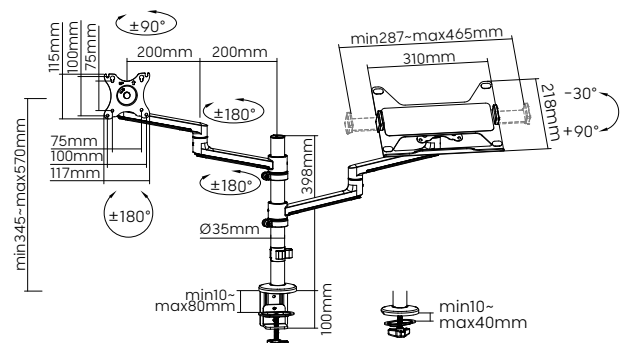

75x75 VESA plate fits most monitors arms

Fits **11.6"–17.3"** Laptops

The diagram shows a top-down view of the laptop tray. It is a dark grey rectangular platform with rounded corners, mounted on a larger grey base. The tray has adjustable side supports and is secured by a central latch. An orange double-headed arrow spans the width of the tray, indicating it accommodates laptops from 11.6 to 17.3 inches. Four orange lines point to specific features: the top edge, the left side support, the central latch, and the bottom edge of the tray.

Item No.	LDT72-C024ML
Fit Screen Size	17"-32"
Weight Capacity (monitor)	8kg/17.6lbs
Weight Capacity (laptop)	5kg/11lbs
VESA Compatible	75x75, 100x100
Tilt Range	+90°~-30°
Swivel Range	+90°~-90°
Screen Rotation	+180°~-180°
Material	Aluminum, Steel, Plastic
