 LED Flashlight

16000mAh

 3000A PEAK CURRENT

PatrolPack-Ultra

PatrolPack-Ultra is a rugged 4-in-1 roadside power solution built for dependable performance. Delivering up to 3000A peak current with force-start, it jump-starts 12V gasoline engines up to 7.0L and diesel up to 5.0L, even with a fully drained battery. Its V0 fire-resistant ABS + PC housing and carry handle ensure durability and portability. The 16000mAh battery doubles as a PD 65W fast-charging power bank. A 150PSI air compressor with intelligent TMPS monitoring and auto-stop enables precise inflation, while the 7.5-inch LED display, multi-mode flashlight, DC output, continuous power mode, and advanced safety protections make it the ultimate travel companion.

 Car Computer Protection

 Reverse Polarity Protection

 No Spark

 Buzzer Alert

 4 LED Light Modes

 SOS Signal Function

4-in-1 Versatility

Combines a high-power jump starter, 150PSI tyre inflator with TMPS auto stop, PD 65W fast-charging power bank, and multi-mode LED flashlight into one compact, travel-ready emergency solution.

Extreme Starting Power

Delivers up to 3000A peak current with a force-start function, reliably jump-starting completely dead batteries and large engines for dependable roadside recovery in critical emergency situations.

High-Performance 150PSI Air Compressor

Powerful air compressor delivers up to 150PSI, enabling fast and efficient inflation for car tyres, motorcycles, bicycles, and sports equipment whenever and wherever needed.

Smart Tyre Inflation with TMPS & Auto Stop

Integrated TMPS tyre pressure monitoring displays real-time readings and automatically stops inflation at the preset pressure, ensuring precise, safe, and worry-free tyre inflation every time.

Smart Safety & Visibility

Multi-mode LED flashlight with torch, SOS, warning, and strobe modes combined with reverse polarity protection enhances visibility, safety, and confidence during roadside and night-time emergencies.

Clear Control at a Glance

Large 7.5-inch LED display screen presents real-time system status, battery levels, tyre pressure, and operating modes for intuitive monitoring and complete control.

Rugged & Road-Ready Design

Constructed with V0 fire-resistant ABS and PC materials and finished with an integrated carry handle, offering enhanced durability, impact resistance, and effortless portability for demanding travel conditions

Specifications:

Battery Capacity:

16000mAh/59.2Wh

Battery Type:

Lithium-ion

USB-C Input/Output:

5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/3.25A (PD 65W)

USB-A1 Output:

5V/2.4A

USB-A2 Output:

QC 3.0 (5V/3A, 9V/2A, 12V/1.5A)

DC Output:

12-16V/10A

Maximum Air Pressure:

150PSI

Start Current:

800A

Peak Current:

3000A

LED Light Brightness in lumens:

1W/90LM

LED Light Modes:

Solid/Strobe/Warning(red)/SOS

Battery Life cycle:

>1000 cycles

Charging Time:

1.5hrs @ 65W PD

Packaging Content:

PatrolPack-Ultra,
User Manual,
EVA Case, Air Hose,
Smart Jumper Clamps,
USB- C Charging Cable,
Nozzle Valve Adapters x3
