

THE SEVENS II

POWERED SPEAKERS

LEGENDARY AMERICAN SOUND

For more than 80 years, Klipsch has redefined high-fidelity sound, crafting speakers with passion and precision right here in the United States. Following in the footsteps of our founder, Paul W. Klipsch, we pack decades of acoustic expertise into every product, and The Sevens II are no exception. The product is a result of our tireless approach to engineering and a never-ending quest for perfect sound. The Sevens II embody the spirit of American design: reliable, revolutionary and ready to rock.

Powered by. **ONKYO**

This collaboration with Onkyo infuses hundreds of years of expertise, innovation, and extensive testing protocols. The integration of Onkyo technology into The Sevens II Powered Speakers represents a deliberate stride toward perfecting every aspect of sound reproduction. The all-new electronics package inside each pair of Klipsch The Sevens II Powered Speakers delivers our signature, legendary American sound with the connectivity our customers expect, in an optimized design that makes them more compact and reliable than ever.

DOLBY ATMOS® SURROUND SOUND TECHNOLOGY

Dolby's immersive audio formatting enhances your experience by placing sounds precisely around and above you, creating a realistic, multidimensional surround sound environment, even with two speakers.

DIRAC LIVE® ROOM CORRECTION

Dirac Live room correction automatically creates the perfect soundscape for your space by tuning to your room. Dirac Live corrects anomalies in real time, utilizing advanced software to deliver the optimal acoustic experience. After a quick scan, The Sevens II deliver lifelike audio tailored to you with no manual equalization necessary.

BUILT-IN STREAMING

Powered by Onkyo's precise, high-performance technology, The Sevens II go beyond HDMI connectivity, letting you stream your favorite platforms, including Google Cast, Apple AirPlay 2, Spotify Connect, Tidal Connect, Qobuz Connect, and more.

WIRELESS HI-RES STEREO

The Sevens II now offer optional wireless L-R link stereo playback. Connect them the old-school way for 96kHz 24-Bit high resolution audio, or skip the wires and enjoy 48kHz of robust, studio- and cinema-quality sound with nothing to hide.

ONE-PIECE BMC BAFFLE

The new one-piece BMC baffle is denser and more rigid, stopping unwanted resonance. A curved radius widens the soundstage, improving off-axis sound and producing a more detailed response without masking.

STUNNING RED OAK FINISH

We've added a bold new colorway to the mix. Say hello to Red Oak, a wood veneer designed to catch the eye as well as the ears. The Red Oak finish is paired with a modern white baffle and light-gray removable speaker grilles for a fresh, contemporary look.

SPECIFICATIONS	
SYSTEM DESCRIPTION	Powered Monitor (pair)
FREQUENCY RESPONSE	39Hz-25kHz +/- 3dB
MAX OUTPUT	106 dB (1M Stereo Pair)
HIGH FREQUENCY DRIVER	1" (2.5cm) Titanium LTS vented tweeter with Tractrix® horn
HIGH RESOLUTION AUDIO	96kHz, 24-Bit
LOW FREQUENCY DRIVER	6.5" Jet Cerametallic™ woofer
ENCLOSURE MATERIAL	MDF with genuine wood veneer
ENCLOSURE TYPE	Bass-reflex via rear-firing port
WIFI, NETWORK CONNECTIVITY	2.4Ghz/5Ghz 802.11ac (2x2 MIMO) Wi-Fi, 10BASE-T/100BASE-TX Ethernet for network and IP control
BLUETOOTH® SPECIFICATIONS	VERSION: Bluetooth 5.4 - A2DP CODECS: SBC, AAC
INPUTS	HDMI-ARC/eARC with CEC, HDMI Input, Bluetooth®, RCA Phono, RCA Analog, USB-C Audio, USB-A, Optical digital, Coaxial Digital, Calibration Mic
OUTPUTS	Single RCA line level output for connection to subwoofer, HDMI Output
HDMI SPECS	HDMI 2.1 Pass-Through, 8K, HDR10+, Dolby Vision™, and BT.2020 color; VRR (Variable Refresh Rate), ALLM (Auto Low Latency Mode), and QFT (Quick Frame Transport) passthrough; eARC (Main Out), and HDCP 2.3
AUDIO DETAILS	Dolby Atmos® playback with Virtual Height Channels, Music, Movie, Direct, Dialog Enhancement, 5-Band EQ, and Dirac limited license
DIMENSIONS	15" (381mm) H x 8.12" (206.38mm) W x 12.5" (317.5mm) D
WEIGHT	PRIMARY: 23.65 lbs (10.73kg) - SECONDARY: 23 lbs (10.4kg)
FINISH	Walnut, Ebony, Red Oak
VOLTAGE	100V-240V 50/60Hz internal power supply with region specific power cords
INCLUDED ACCESSORIES	• Region-Specific power cord (2.0m) • Remote control (2x AAA batteries) • 4-conductor speaker cable (4m) • HDMI Cable (1.5m) • Calibration Microphone
COMPATIBLE SPEAKER STAND	Klipsch KS-24

KLIPSCH AUSTIN

PORTABLE BLUETOOTH® SPEAKER

Klipsch®

TRANSPORT YOURSELF WITH POWERFUL SOUND PERFORMANCE
The Klipsch Austin features a 1.5" full-range driver for powerful audio performance while dual passive radiators display deep, resonating bass. This mini-but-mighty portable speaker was engineered for impressive sound on the go.

PLENTY OF POWER FOR A DAY OF ROCKABILLY, BLUES, OR BASSY BEATS
This ultra-portable Bluetooth speaker can last up to 12 hours on a single charge. Whether you're traversing 6th Street, the Warehouse District, or hiking down your favorite trail, the Klipsch Austin's long-lasting battery has you covered.

RUGGED AS HILL COUNTRY, SMOOTH AS SUMMER NIGHT
Enjoy IP67 dust and waterproof rating with this travel-ready Bluetooth speaker. The Klipsch Austin is completely protected from dust and submersible up to one meter for 30 minutes.

BEST BLUETOOTH CONNECTIVTY TECH ON THE MARKET TODAY
Wireless connectivity is a must-have for your on-the-go lifestyle. That's why the Klipsch Austin features Bluetooth 5.3 true wireless technology for seamless stereo playback. This portable speaker remembers up to 8 devices for ultimate playlist flexibility and control.

CHARGED UP FOR THE MODERN WORLD
Enjoy 18W USB-C charging for fast, effective powering.

BETTER WITH FRIENDS: BROADCAST MODE
Party people, pay attention - the Klipsch Austin features broadcast mode to allow playback on up to 10+ Klipsch speakers at once. Just put the desired speakers into broadcast pairing mode while audio is playing and enjoy mono signals being sent to the added devices.

BUILT-IN MICROPHONE FOR CALLS
Plans change, and maybe your solo hike has turned into a group hang downtown. You won't miss a beat with the Klipsch Austin's built-in microphone, allowing you to pause on your music to take a quick call, all without having to search for your cellphone first.

KLIPSCH CONNECT APP ENABLED
With just a tap on your Klipsch Connect app (available for free in the app store), you can custom EQ settings for your ideal bass, mid-range, and treble, receive over-the-air firmware updates, and receive access to support.

SPECIFICATIONS	
AMPLIFIER POWER	10W (RMS)
FREQUENCY RESPONSE	70Hz-20kHz +/- 3dB
ENCLOSURE TYPE	Bass-reflex
MID/HIGH FREQUENCY DRIVER	1 x 1.5"
PASSIVE RADIATORS	2 x 1.38"x2.17"
MAX ACOUSTIC OUTPUT	85db
INPUTS	Bluetooth 5.3®
BATTERY LIFE	12 Hours (2 hours recharge time)
BATTERY TYPE	Rechargeable Lithium Ion
ACCESSORIES INCLUDED	3m USB-C cable
FINISH	Cream
DIMENSIONS	4.13" (105mm) x 4.13" (105mm) x 1.73" (44mm)
WEIGHT	.9 lbs. (411g)
