HD Sound Quality

Experience bold audio in a compact form with the Tingz CrystalSound™ 7W Portable Wireless Speaker. Powered by Bluetooth 5.4 and a premium JL chipset, it delivers distortion-free sound across a wide 40Hz-20kHz range. With TWS pairing, connect two speakers for an immersive soundscape. The 1800mAh battery offers up to 14 hours of playtime, and its IPX6 water resistance keeps music going rain or shine. It features hands-free calling and supports music playback via TF card. Built with durable ABS plastic and a metallic finish, Tingz CrystalSound™ is stylish and rugged. Choose from three RGB light modes. Whether hiking, poolside, or indoors, it's your go-to for immersive sound anywhere.

TWS Stereo Sound Mode:

Pair two speakers wirelessly for immersive left-right channel separation and room-filling stereo experience.

Immersive 7W HD Audio:

Delivers crystal-clear, deep sound with wide frequency response from 40Hz to 20kHz for rich bass and sharp highs.

Long-Lasting Battery Life:

Built-in 1800mAh lithium-ion battery powers up to 14 hours of continuous playback and 500 hours standby.

Next-Gen Bluetooth 5.4:

Faster, more stable connections with extended 10m wireless range, plus TWS support for stereo pairing.

IPX6 Water Resistant Durability:

Enjoy music in any weather with rugged water-resistant design, ideal for outdoor and poolside use.

Versatile Playback Options:

Supports TF card with compatibility for MP3, WAV, FLAC, APE and WMA audio file formats.
