20000mAh

High-Capacity Battery

Stay powered without compromise using Promate Titan-130Pro, a high-performance 20000mAh HyperCharge powerbank engineered for demanding modern devices. Delivering up to 130W total output, with 100W USB-C Power Delivery and 22.5W USB-A fast charging support, it powers laptops, tablets, smartphones, gaming devices, and accessories. The integrated braided USB-C cable enables convenient cable-free charging, while the TFT smart display provides real-time power monitoring. Featuring intelligent PDO power distribution, mini current mode for low-power devices, premium 21700 lithium-ion battery cells, and advanced temperature monitoring, Titan-130Pro ensures safe, efficient, and reliable charging for travel, work, and everyday use.

130W HyperCharge Performance

Simultaneously power laptops, smartphones, tablets, and accessories with ultra-high 130W combined output designed for demanding multi-device charging environments.

130W

TOTAL OUTPUT

100W USB-C Laptop Charging

Deliver ultra-fast 100W USB-C Power Delivery output capable of charging compatible laptops, tablets, gaming devices with exceptional speed and charging stability.

In-flight
Approved

22.5W USB-A Fast Charging

High-speed USB-A charging support delivers optimized fast charging performance for compatible smartphones and everyday portable electronics.

Integrated Braided USB-C Cable

The built-in braided USB-C cable provides convenient cable-free charging without carrying additional charging accessories.

Real-Time TFT Smart Display

Monitor charging performance instantly with the integrated TFT smart screen displaying live input and output wattage for intelligent power management.

Advanced Smart Power Distribution

Intelligent PDO chipset automatically balances power delivery between connected devices to ensure safe, stable, and optimized charging.

20000mAh High-Capacity Battery

Equipped with premium 21700 lithium-ion battery delivering long-lasting backup power ideal for travel, business use and outdoor activities.

65W Rapid Recharging Input

Recharge the power bank itself quickly with powerful 65W USB-C input support, significantly minimizing downtime.

Intelligent Thermal Protection

Built-in temperature sensing technology continuously monitors operating conditions to protect against overheating.

Specifications:

Battery: Lithium-Ion Battery	USB-C Port/Cable Output: 5V/3A, 9V/3A, 12V/3A, 15V/3A 20V/5A (100W PD)	USB-C + USB-A: 5V/3A (15W)
Battery Energy: 3.6V/20000mAh, 14.4V/5Ah, 72Wh	USB-A Output: 5V/3A, 9V/2A, 10V/2.25A, 12V/1.5A (22.5W)	USB-C Cable + (USB-C + USB-A): 65W + 15W (80W Max)
Energy Conversion Rate: ≥75%	USB-C + USB-C Cable: 65W + 65W (130W)	Max Output Power: 130W Max
USB-C Port/Cable Input: 5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/3.25A (65W PD)	USB-C Cable + USB-A: 65W + 22.5W (87.5W Max)	Cable Material: Braided Cable
