Titan-240Pro

Promate Titan-240Pro is an ultra-powerful 27000mAh HyperCharge power bank built for professionals, creators, travellers, and power users. Delivering up to 240W total output, it fast charges laptops, tablets, smartphones, gaming consoles, and accessories simultaneously. The integrated braided USB-C cable supports 140W PD 3.1 input/output, alongside a 100W USB-C port and 22.5W USB-A port. A premium TFT smart display provides real-time power monitoring and battery status. Featuring intelligent power distribution and temperature protection, Titan-240Pro ensures safe, efficient charging across devices. Built with a durable PC+ABS housing and a premium 21700 lithium-ion battery, it delivers lasting durability and performance in a compact design.

240W HyperCharge Powerhouse

Delivers ultra-high 240W total output with dual high-power charging circuits, enabling simultaneous fast charging for laptops, tablets, smartphones, and accessories.

240W

TOTAL OUTPUT

140W PD 3.1 Built-In Cable

Integrated braided USB-C cable supports up to 140W Power Delivery input and output, eliminating the need for separate charging cables.

In-flight
Approved

22.5W USB-A Fast Charging

High-speed USB-A fast charging output ensures reliable compatibility with smartphones, accessories, and legacy USB-powered devices.

Smart TFT Power Display

Premium TFT smart screen provides real-time visibility of battery status, charging power, input/output monitoring.

Massive 27000mAh Capacity

High-capacity battery provides dependable portable backup power for long trips, business travel, remote work and gaming sessions.

100W USB-C Laptop Charging

Dedicated 100W USB-C Power Delivery port efficiently powers laptops, tablets, gaming handhelds, and professional devices with stable high-speed charging performance.

Intelligent Power Distribution

Advanced smart PDO chipset dynamically balances power delivery across connected devices to maximize charging efficiency.

Advanced Thermal Protection

Integrated temperature sensor continuously monitors operating conditions and protects against overheating risks during intensive high-output charging.

USB-C Cable
Included

Specifications:

Battery: Lithium-Ion Battery	USB-C Cable Input: 5V/3A, 9V/3A, 12V/3A, 15V/3A 20V/5A, 28V/5A (140W PD)	USB-C + USB-C Cable Output: 100W + 140W (240W Max)
Battery Energy: 3.6V/27000mAh, 21.6V/4.5Ah, 97.2Wh	USB-C Port Output: 5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/5A (100W PD)	USB-C Cable + USB-A Output: 140W + 22.5W (162.5W Max)
Energy Conversion Rate: ≥75%	USB-C Cable Output: 5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/5A, 28V/5A (140W PD)	USB-C + USB-A: 5V/3A (15W)
USB-C Port Input: 5V/3A, 9V/3A, 12V/3A, 15V/3A 20V/5A (100W PD)	USB-A Output: 5V/3A, 9V/2A, 10V/2.25A, 12V/1.5A (22.5W Fast Charging)	USB-C Cable + (USB-C + USB-A): 140W + 15W (155W Max)
		Max Output Power: 240W Max
		Cable Material: Braided Cable
