Smart 360° AI Face Tracking Telescopic Selfie Stick
with Auto Pop-Open Tripod Base

4in1 Multifunctional | MagSafe COMPATIBLE | AI Auto Face Tracking

TriPop-Ai is a game-changing smart tripod built for effortless, high-quality content creation. Its AI-driven design auto-pops into a standing position on release, making setup instant. The built-in AI chip enables precise face tracking and gesture control, letting you start, pause, or shift focus with a hand motion. Crafted with durable compound metal and a 1.76m telescopic aluminum alloy rod, it ensures stability for overhead, wide-angle, or dynamic shots. The detachable Bluetooth 5.4 remote is compatible with Android, iOS, and TikTok. Choose between a magnetic mount or a clamp using the dual mounting system, and attach accessories via the universal 1/4 interface for 360° coverage.

Instant Pop-to-Stand Activation:
Automatically opens into tripod mode when dropped, providing lightning-fast setup for hands-free shooting anywhere, anytime.

AI Face Tracking & Gesture Control:
Built-in smart lens and AI chip lock onto faces and respond to palm or OK gestures for seamless tracking and control.

Dual Mount System – Magnetic or Clamp:
Choose between a strong N52 magnetic mount or a secure clamp holder, both offering 360° phone rotation for perfect framing.

360° Smooth Panoramic Rotation:
Capture cinematic shots with smooth horizontal pan rotation using the balanced handle for fluid motion and precise control.

Bluetooth Remote Control:
Detachable Bluetooth 5.4 remote for easy storage and supports Android, iOS, and TikTok recording features.
