VoltGuard is a high performance 55.5W car charger engineered for fast charging and emergency readiness. Featuring USB C Power Delivery up to 33W and USB A up to 22.5W, it supports smartphones, tablets, GPS devices, and more with efficient, stable charging. Designed for both 12V and 24V input, it suits cars, SUVs, and trucks. Crafted from zinc alloy and aluminium, it ensures durability and heat dissipation. Beyond charging, it includes a safety hammer and concealed seatbelt cutter for quick escape, combining fast charging, compact portability, and essential safety in one device.

Ultra-Fast 55.5W Dual Charging Power

Delivers high speed charging with USB C PD 30W and USB A 22.5W output, supporting PPS 33W for optimized fast charging of smartphones and tablets simultaneously inside your vehicle.

Integrated Emergency Escape Tools

Built in safety hammer and concealed seatbelt cutter provide critical support during road-side emergencies, combining essential safety equipment directly within a powerful car charger design.

Premium Zinc Alloy Construction

Engineered with durable zinc alloy and aluminium housing for superior heat dissipation, scratch resistance, and long-lasting reliability under continuous high power vehicle charging conditions.

Universal 12V and 24V Compatibility

Supports both 12V cars and 24V trucks, ensuring stable power delivery across multiple vehicle types for road trips, fleet vehicles, and commercial transport applications.

Compact Multi-Function Automotive Essential

Combines fast car charging, compact design, and emergency rescue tools in one streamlined accessory, reducing dashboard clutter while enhancing safety and charging efficiency on every journey.
