iDock-Trio

Meet iDock-Trio, the next-generation motorized wireless charging station built for effortless charging. Designed to power your iPhone, Apple Watch, AirPods, or even Samsung devices—all at once—this ultra-compact 3-in-1 dock blends futuristic tech with daily convenience. With a touch-activated auto-flipping MagSafe charging panel and a auto-fold watch charging arm, enjoy true one-handed operation like never before. Built from premium ABS and silicone, it ensures durability and a stable grip for every device. Enhanced with advanced safety chipsets, iDock-Trio offers overheat protection, overcharge defense, and foreign object detection to keep your gear safe. Stay fully powered, faster, and smarter—all from one sleek station.

3-in-1 Universal Charging:

Power up your smartphone, smartwatch, and wireless earbuds simultaneously using one compact station. Fully compatible with Apple and Samsung devices, it simplifies your desktop and eliminates the need for multiple chargers.

Auto-Fold 15W MagSafe Pad:

Experience futuristic charging with a touch-activated motorized MagSafe pad that flips open automatically. Supports up to 15W fast wireless charging with secure magnetic alignment for iPhones and MagSafe-compatible cases.

Auto-Fold Watch Arm:

Built-in motorized arm extends and retracts effortlessly to hold and charge both Apple Watch and Samsung Galaxy Watch. Its adjustable design ensures a snug fit for all models and sizes.

Fast Wireless Output:

Delivers optimal charging speeds with 15W for smartphones, 5W for earbuds, and 2.5W for watches. Enjoy reliable, efficient power without overheating or slowdowns—ideal for work desks or nightstands.

Smart Safety Protection:

Advanced multi-layer chipset guards your devices with overcharging prevention, overheat control, and intelligent FOD detection, ensuring every device is charged safely and stops when fully powered.

Compact Futuristic Design:

Crafted with premium ABS and silicone, this compact charger brings cutting-edge technology and modern aesthetics to your workspace—designed to impress and built to travel wherever power is needed.

Touch Control

Specifications:

Wireless Charger Output (Phone): 5W /7.5W /10W /15W
 Wireless Charger Output (AirPods): 5W
 Wireless Charger Output (Watch): 2.5W
 Wireless Charging Efficiency: ≥80%
 Wireless Charging Distance: 0-8mm
 RF Output Power: ≤20dBm
 Power Cable Length: 1M
 Input: 9V-3A, 5-2A
 Total Output: 10W+5W+2.5W (Use PD20W adapter input)
 15W+5W+2.5W (Use PD30W adapter input)
 Wireless Charging Frequency: 110-205kHz
